

# Westcliff Associates a condominium

---

1311 S. Westcliff Place  
Spokane, Wa. 99224

September 29, 2012

To whom it may concern:

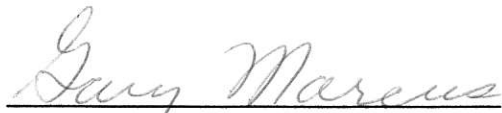

I am pleased to write this letter of reference for Inland Elevator LLC as a company, and for Josh, Dan and Ben Garrett personally, as owners of that business.

They recently completed a major elevator update for our condo association which involved removing and replacing the old controller and associated equipment. This also included replacing the car operating panel, landing system, and motor. Hall fixtures were replaced to accommodate fire service controls, as per current city/state requirements. A new traveling cable and hoistway wiring were also installed.

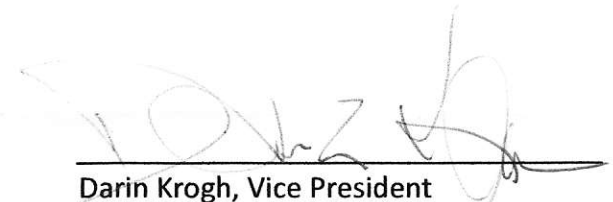

This was all completed ahead of projected schedule, including final city inspections and cleanup.

Many of our residents are elderly, some unable to use the stairs in our 6-story building. Since we have only one elevator, some had to find other housing during part of the construction time. The Garrett brothers took this into consideration and arranged to do several weeks of pre-building of the new equipment off-site, and to begin on-site work only during mornings the week before the 24/7 elevator shutdown—allowing the elevator to continue to operate during the other 19 hours each day for that extra week.

We found the Garretts to be very easy to work with, willing to keep us “in the loop”, and patient with our residents. They are conscientious and hard working, and we are happy to provide this letter of reference on their behalf.
